

MESA DAY CONTEST RULES 2022-2023 (FINAL)

Coding Solutions (Online)

- LEVEL:** Middle School (MS)
- DIVISION(S):** Grades 6-8 (combined)
- COMPOSITION OF TEAM:** 1-2 student(s) per team
- NUMBER OF TEAMS:** Preliminary – Determined by your local MESA center
Regional – # of teams per division at the discretion of each region (Northern/Central, LA Metro/UC Santa Barbara, and Southern)
- SPONSORS:** UC Santa Barbara MESA College Prep
UC Riverside MESA College Prep
- OVERVIEW:** Congratulations! Thanks to your outstanding participation with the MESA Program. You have been invited to a virtual interview for a software company to obtain an internship. As part of the interview process they would like to test your knowledge virtually on programming fundamentals and problem solving using JavaScript. Students should be familiar with basic mathematics and elementary Algebra topics. **Participation logistics and limits may vary by host site. Advisors and students are responsible for verifying this information with their local MESA center. This competition will be online for 2022-2023.**

MATERIALS:

- An internet connected device with a keyboard is recommended.
- Students must create their own account on Code HS (see Regional links on page 3).

GENERAL RULES:

- 1) Students must have their full name(s), grades, school, and MESA center commented at the top within each of the programs. A 10% penalty in the score will be assessed for failing to properly label.
- 2) This competition will have two challenges to be completed during a 60-minute window or may be modified. **The Debug challenge must be completed first** for the Technical Challenge to be valid.
 - a. The Debug challenge (50 points):
 - i. Students will debug a program. In other words, students will correct code to get the program working again.
 - Sample output/test cases will be provided but are not indicative of all the test cases (including edge case) used for final scoring.

- ii. Teams will be awarded 10 points for each test case their submission passes. There will be 5 hidden test cases.
 - b. The Technical Challenge (50 points):
 - i. Students will create a program that creates the desired output based on the prompt provided.
 - ii. Teams will be awarded 10 points for each test case their submission Passes. There will be 5 hidden test cases.
- 3) To be eligible to compete in this competition **ALL** team members must have completed at least 60% of MESA Day JavaScript Course Assignments on the **specified CodeHS course** (see “Enrollment Links” attachment/appendix) one week before the contest date.

JUDGING:

- 1) Teams will have one single 60-minute block to complete both the debugging and the technical challenge.
- 2) It is the responsibility of **one team member** to login, enroll and complete the specified competition “Course.”
- 3) The challenges will be scheduled to be published to start and to end at a time and date specified by the hosting MESA Center.
- 4) Students will have 60 minutes to complete the following tasks:
 - a. To debug code to produce the desired outputs without radically altering the code (i.e., creating a new program from scratch).
 - b. To create a program that would produce the desired output(s).
- 5) Teams may submit their completed programs as soon as they like or make revisions within the time block but their last submission for each challenge will be used to determine the winners.
- 6) The final submission will be the last project that was submitted before time runs out.
- 7) Winners will be determined based on the following order:
 - a. The first individual or team based on timestamp to
 - i. Successfully submit programs that pass all test cases for both challenges.
 - ii. Successfully submit programs that pass all debugging test cases and have the most test cases passed for the technical challenge.
 - iii. Submit debugging programs that pass the most cases.
- 8) **TIEBREAKERS:** In an event of a tie, the team that submitted their final submission first takes priority.
- 9) If no teams are successful, no awards will be given.
- 10) All testing of code will occur within CodeHS.

AWARDS:

- Medals will be awarded for 1st, 2nd, and 3rd place based on the Grand Total.
- Please check with your MESA center to determine the number of teams that advance to Regional MESA Day.

ATTACHMENTS/APPENDIX:

- Topics Student(s) Need to Know
- Resources
- Enrollment Links
- Specification and Score Sheet for Coding Solutions

Topics Student Need to Know

- Math operators
- User input/output
- Control and conditional statements
- Loops, iterations and nesting
- Boolean Algebra
- Functions

Mathematical Topics *(Students should aim to have a fundamental understanding of)*

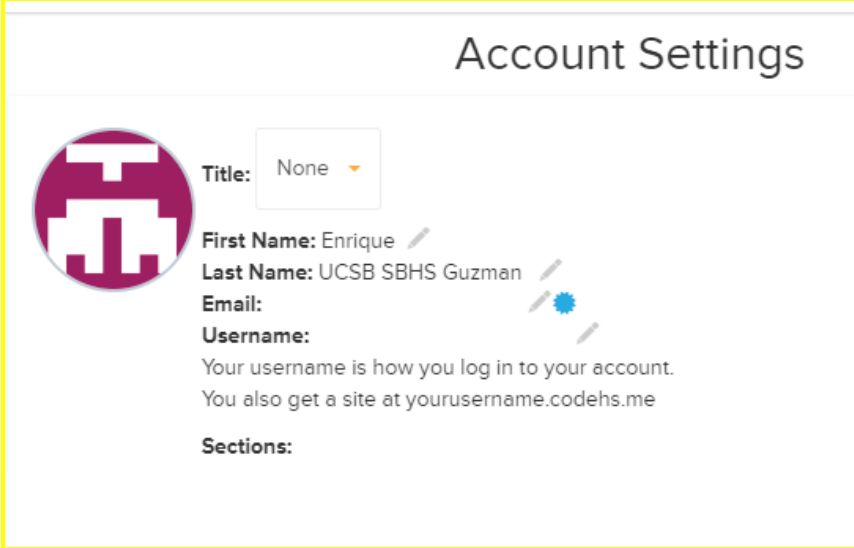

- Arithmetic
- Order of operations
- Properties of equalities and inequalities
- Evaluating Expressions and equations

ENROLLMENT LINKS

When enrolling in CodeHS, please include your **MESA CENTER and SCHOOL** in your registration. See below for example:

The screenshot shows the 'Account Settings' page in CodeHS. On the left is a circular profile picture with a purple and white geometric design. To the right of the profile picture are several fields for user information:

- Title:** A dropdown menu currently set to 'None'.
- First Name:** Enrique
- Last Name:** UCSB SBHS Guzman
- Email:** (field is partially obscured)
- Username:** (field is partially obscured)

Below the username field, there is explanatory text: "Your username is how you log in to your account. You also get a site at yourusername.codehs.me". At the bottom of the visible section is the heading "Sections:".

Courses have been created to match the MESA region your host center is affiliated with. Please register for your appropriate course:

Northern/Central California: For students affiliated with Ukiah, RISE, CSU East Bay, San Jose State, University of the Pacific, UC Davis, UCSF, Fresno State, UCSC

Northern/Central Region: <https://codehs.com/go/A7AE4>
Enrollment Code: A7AE4

Los Angeles Metro/UC Santa Barbara: For students affiliated with USC, UCSB, UCLA, CSULB, CSULA

LA Metro/UC Santa Barbara Region: <https://codehs.com/go/FF4D1>
Enrollment Code: FF4D1

Southern California: For students affiliated with UCI, UCR, Imperial Valley, San Diego State University

South Region: <https://codehs.com/go/DD0A5>
Enrollment Code: DD0A5

SPECIFICATION AND SCORE SHEET FOR CODING SOLUTIONS
Middle School – Grades 6-8

MESA Center: _____ Student 1: _____ Grade: _____

School: _____ Student 2: _____ Grade: _____

- A) 2022-2023 rules were followed
- B) Each Program is properly labeled and commented within coding project with team members' names, grade level, school, and MESA center:
(10% penalty for each program if not properly labeled)
- C) All team members completed more than 60% of MESA Day course assignments
- D) Program submission will be under the following team members account:

Project Submissions:	Debugging	Technical Challenge		
Time of Final Submission:	: :	: :		
Case #1	Pass No Pass	Pass No Pass		
Case #2	Pass No Pass	Pass No Pass		
Case #3	Pass No Pass	Pass No Pass		
Case #4	Pass No Pass	Pass No Pass		
Case #5	Pass No Pass	Pass No Pass		
	Total Pass:	Total Pass:		
Total # of Ps X 10 =	Debug Sub score:	Technical Subscore:	Labeling Penalty	Grand Total
